

# SEVERE WEATHER STORM SPOTTER TRAINING

For Storm Spotters and Potential  
Storm Spotters

OPEN TO GENERAL PUBLIC  
MONDAY, MARCH 16, 2015  
6:30 P.M.

QUICK WEATHER REPORTING SAVES LIVES.

LOCATION: Adams County Community Center  
569 North Cedar Street  
Room 145B, Adams, WI  
(behind AF County Market)

La Crosse National Weather Service will be conducting a SKYWARN Severe Weather Spotters Class. The class will last about two hours and includes a multimedia presentation.

Learn from National Weather Service trained personnel how storms develop, how to recognize severe weather and how to better protect yourself and your community when a storm is possible. A review of tornadoes from 2011 and years past will be included.

Come and refresh your skills if you've attended a previous training.

Pre-Registration is preferred, but not required,
